

# Invitation to a **BIOCLEAR DINNER EVENT**

You're invited to an exclusive introductory Bioclear event hosted by Medline Sinclair, Solventum, and Bioclear. Please join us at the Medline Sinclair London office for an engaging evening featuring a lecture over dinner, providing insights into the newest Bioclear techniques. We will then offer a live demonstration with hands-on session for both anterior and posterior applications.

## EVENT DESCRIPTION:

A simple and revolutionary approach to modern dentistry. Come learn about the five pillars of the Bioclear Method. Dive into the benefits of anatomical matrices, warmed composite, and injection over-molding. Your Bioclear expert will present anterior & posterior case studies performed by Bioclear certified providers and show you the evidence in this science-backed restoration method.
