Dental | Dentaire

**Jaime Black**

Interior Designer, Jaime Black + Co.

With 18 years of design experience across diverse fields, including healthcare, hospitality, high-end residential, and corporate office spaces, Jaime brings a wealth of expertise to clinic renovations. As a registered interior designer in Nova Scotia, she is passionate about transforming dental practices into welcoming, efficient, and aesthetically pleasing environments. Jaime's collaborative approach ensures that each clinic's unique vision is beautifully reflected in the final design, enhancing both patient experience and operational efficiency. Working with a dedicated client, a diverse consultant team, and a skilled builder, Jaime strives to create spaces that support the highest standards of dental care.

**Steve Sarty, CEAS**

Territory Manager, A-dec

Steve is a Certified Ergonomic Assessment Specialist (CEAS). He is dedicated to best practices, especially as they pertain to in patient comfort, hygiene, and the health of practitioners.

**Scott Lyall**

Lead Designer, Medline Sinclair

Scott's 25+ years of designing dental (and other) offices, and his creativity and ability to make use of every inch of space, has made him one of the most sought-after office designers in Canada.
