Speaker
Chelsey Ironside
Registered Dental Hygienist

With a steadfast purpose to ongoing education, Chelsey is a passionate dental hygienist with an 18-year tenure in the field and an unwavering commitment to preventative oral health practices. Chelsey graduated with the CRDHA Student Award of Merit from the University of Alberta, earning both a Bachelor of Science and a Diploma in Dental Hygiene. Chelsey began her journey with Guided Biofilm Therapy in 2020, she was a distinguished trainer with the EMS Swiss Dental Academy since 2022, educating and sharing her expertise on Guided Biofilm Therapy, a patented modern approach to dental hygiene prophylaxis offering a systematic, evidenced based approach for prevention. Based out of Edmonton she now has the privilege of working as one of Canada's first GBT Experts for EMS, educating clinicians, and supporting distributors and dental practices in integrating the cutting-edge technology developed by EMS.

Speaker
Cole Dunphy
Investment Associate, Scotia Wealth Management

Cole has worked with ScotiaMcLeod in their Edmonton office for the past 5 years. He specializes in building and maintaining trusting relationships with his clients across the country. He has built his book of business working with dental clients in different stages of their career. He supports and works with associates, practice owners, owners looking to sell, and dentists nearing retirement. Through financial planning he can help you plan for retirement, create a structured estate plan, and help you transition your business. In the years working with the dental community, he has taken the burden of investing personal and corporate dollars from his clients. Creating unique investment strategies, tax planning, and specialized portfolios tailored to each individual client.
