FREE
Dinner provided.

To register, click [here](#) or scan QR code before May 30, 2024
Don't wait, capacity is limited!

Join Dr. Shirazi, an experienced user of SprintRay since 2021, with a large focus on splints and guards. We understand the importance of creating a community of users of this newer technology to ensure confidence and comfort adding or using 3D printing in your practice.

Learning objectives:

- + Workflow
- + ROI
- + Quality control
- + Tips and tricks

Dr. Shirazi graduated from the University of Alberta with a Bachelor in Science (Psychology) in 2014 and a Doctorate in Dental Surgery in 2018. He was born and raised in Edmonton, and liked it here so much that he never left. He operates Henday Dental in McConachie as a co-owner. His practice invested in a SprintRay in 2021 and since then, has been using 3D printing technology in his office on a regular basis.

To register, please click [here](#) or scan QR code before May 30, 2024.
