

Dear Valued Customer,

We're excited to announce that [Medline Canada, Corporation](#), part of global healthcare supplies and equipment manufacturer and distributor [Medline Industries LP](#), has acquired Sinclair Dental.

As a leading medical supplies distributor in Canada, Medline has grown rapidly and profitably over the last 15 years, entrenching itself as a market leader across the continuum of care, which now includes a significant presence in the dental segment nationwide.

For Medline Canada, the choice of Sinclair Dental to help continue its growth journey was easy, citing our renown for customer service and technical support, clinic design services and providing quality supplies and high-tech equipment and software to the Canadian dental market.

As a Medline Company, Sinclair Dental is now a part of the country's fastest-growing medical supplies distributors, delivering value and great customer experiences across all facets of Canadian healthcare – primary care, long-term care, acute care, and home health. With Sinclair Dental, Medline Canada is now a leading player among the country's dental suppliers.

Although Sinclair is now a Medline company, it will continue to operate separately, so it will be business as usual for our customers, who will continue to work with the same Sinclair Sales and Operations team representatives. Nothing changes in how you transact business with Sinclair Dental.

If you have questions about how Sinclair Dental will operate as a Medline company, please submit them to your Sales Representative.

With Sinclair's deep dental market expertise and Medline's leading supply chain network, distribution excellence, and quality medical supplies, including a wide portfolio of world-class gloves and clinical expertise, you can continue to expect the same high level of value and great customer experiences in the future.

Sincerely,

A handwritten signature in black ink that reads "John Morrison".

John Morrison
